

# Exclusive naming rights opportunities for the ACMD Centre

ACMD presents a unique opportunity to record your support for biomedical engineering research. Located prominently opposite the Royal Exhibition Building and Carlton Gardens, the ACMD building will become a point of reference at the north-east of the CBD.

We are offering naming rights for the entire ACMD Centre, as well as the atrium, exhibition space, laboratories and significant internal spaces.

A large number of scientists, students and others visit the ACMD, ensuring your name will continually be in the public eye.

These exclusive opportunities offer a special way of supporting a place of truly national significance. Be a part of the future of medicine by leaving a legacy for you, your family or your organisation. Future generations of patients will thank you for your far-sightedness and philanthropy. Please consider supporting the future of medicine and patient treatment.

**Naming rights for the entire ACMD Centre are available.** For a confidential discussion, please contact Lyn Amy, CEO, St Vincent's Foundation on 0417 158 953.

Space or room for naming	Location	Donation
Atrium	Ground Level	\$10 million
